

CENTRAL INDIANA CHAPTER

EARLY CAREERS PLAN

2008-2009

To achieve our goal of attracting additional early-careers members, we will be trying some new recruitment incentives:

- A. The President and Board voted in our last Board meeting to offer a free membership for one year to anyone who qualifies as an Early-Career member. We will underwrite the National dues with our profits from our November 2008 CPE seminar. We will be announcing this at our first meeting in August.
- B. We will again run a “bring a prospective early-career member for free” promotion. This will enable members to bring a prospective early career member to the monthly meeting for free.
- C. We are contacting the Kelley School of Business about holding a “Careers in Government Presentation”. Our Membership Co-Chair has contacted the Chair of the MPA program at IUPUI to discuss an outreach event for students regarding government careers later this year.
